# Welcome to the AMWC ANTI-AGING MEDICINE WORLD CONGRESS - 2008

Dear Colleague,

On behalf of the Organizing Committee, we invite you to participate in the Anti-Aging Medicine World Congress to be held in Paris, France, from April 10 to 12, 2008. The Anti-Aging Medicine World Congress Scientific Committee has invited the most distinguished array of International Experts on Anti-Aging Medicine and Aesthetic Surgery and Dermatology, to share with you in 3 days, advanced information and techniques on these fields.

This year a travel of 8000 euros value and many other prizes could be won by the participants of the lottery organized during the congress. Do not miss the drawing of lots on TEOXANE booth on Saturday 12 at 4.00 pm.

Highlighting the event, we will have the pleasure to welcome the delegates in the magnificent Opéra room of the Intercontinental Hotel in the heart of Paris, for an unforgettable Gala Dinner.

Do not miss this exceptional Conference in Paris!

The Organizing Committee

Cher Collègue,

Au nom du Comité d'Organisation nous vous invitons à participer à l'Anti-Aging Medicine World Congress 2008 qui aura lieu à Paris du 10 au 12 avril 2008.

Le Comité scientifique de l'AMWC 2008 a fait appel aux plus éminents Experts internationaux en Médecine Anti-Age et en Médecine et Chirurgie Esthétiques pour vous apporter durant ces 3 jours les meilleures et les plus récentes informations scientifiques dans ces domaines.

Cette année, un voyage d'une valeur de 8000 euros ainsi que de nombreux prix sont à gagner pour les participants à la Loterie organisée pendant le congrès. Ne manquez pas le tirage au sort sur le stand TEOXANE le samedi 12 avril à 16h00.

Enfin, pour clore cette conférence, nous aurons le plaisir d'accueillir les participants et leurs accompagnants dans la superbe salle Opéra de l'hôtel Intercontinental, situé au cœur de Paris, pour un Dîner de Gala inoubliable.

Ne manquez pas cet événement exceptionnel à Paris en 2008 !

Le Comité d'Organisation

## INTERNATIONAL ACCREDITATION: 15 CME CREDITS

The Anti-Aging Medicine World Congress is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS). Please check the website for any further information: [www.uems.net](http://www.uems.net). The AAMWC is designated for up to 15 CME credits. In Europe, this accreditation concerns all the specialists, who should turn to their national authorities in order to validate the CME points in their home European countries. In America, EACCME credits are recognized by the American Medical Association towards the Physician's Recognition Award (PRA). To convert EACCME credit to AMA PRA category 1 credit, contact the AMA through their website : [www.ama-assn.org](http://www.ama-assn.org)

At the end of the conference, you will receive your Certificate of Attendance (Diploma). Keep it as this is the first step to accreditation!

## ACCREDITATION INTERNATIONALE : 15 CME CREDITS

Le congrès "Anti Aging Medicine World Congress" (AMWC) est accrédité par l'organisme "European Council for Continuing Medical Education" (EACCME) pour l'obtention des points CME pour les médecins spécialistes. L'EACCME est un organisme de l'Union Européenne des Médecins Spécialistes (UEMS). Nous vous invitons à visiter le site Internet suivant pour plus d'informations : [www.uems.net](http://www.uems.net)

L'AMWC permet d'acquérir jusqu'à 15 points CME dans chaque pays européen. Aux Etats-Unis, les points de l'EACCME sont reconnus par l'American Medical Association au travers de la "Physician's Recognition Award" (PRA). Pour convertir les points EACCME en point AMA PRA, nous vous remercions de contacter l'AMA via leur site Internet : [www.ama-assn.org](http://www.ama-assn.org). Vous recevrez à la fin du congrès un certificat de participation (Diplôme) à conserver précieusement pour obtenir vos points.

## ACCREDITATION FMC EN FRANCE (EN COURS)

L'Anti-Aging Medicine World Congress est accrédité en tant que Formation Médicale Continue (FMC). Le congrès est reconnu et labellisé FMC-Collège par la commission de la Société Française de Chirurgie Plastique Reconstructrice et Esthétique (SOFCPRE). Il est possible aux membres cotisants du Collège de signaler leur inscription à cet enseignement sur le site [www.plasticiens.org](http://www.plasticiens.org) et de le valider afin d'obtenir les points FMC correspondants. L'AMWC 2008 donne à ses participants français chirurgiens des points FMC (n° d'accréditation et nombre de points à valider sur le site de la SOFCPRE).

### EXPERT TO EXPERT

**E2E Training material support :**

Clear and simple factsheets will be given out to all participants as well as a CD ROM where techniques are videoed and realised by the scientific team.

**E2E Stay in touch after the course :**

A smart link on internet [www.expert-2-expert.com](http://www.expert-2-expert.com) opened to all participants will allow you to ask question to the scientific team once you have returned home.

### ROOTS

Anti-aging is growing fast worldwide. Demand for non-invasive procedures is increasing and is rightly more and more often combined with aesthetic surgery. This new approach achieves better result for the patient and builds a more legitimate course of treatments with an improved synergy. At this crossroad we felt it is important to acquire a strong experience and knowledge about these techniques and tools.

### THE CORE OF THE COURSE

We aimed at getting the right balance between theory and practice.

Sessions will be practical in nature.

We have selected high profile Experts for each areas of our training.

Our large database will support high quality case reports.

The possibility for any participant to bring along a patient is also very interesting from the practitioner's point of view.

The brain-storming session named "which option would you have selected" is very valuable as it promotes creativity, ideas swapping, and team work to discuss/set out new options.

Walking-in patients that have been treated specially to appear in the course allows for an authentic review of the finished results.

The expert to expert course combines the French know-how with worldwide experiences and findings.

### OBJECTIVES

At the end of the symposium, participant should be able to manage face's anaesthesia; injections of difficult areas; injections of the different type of HA (Hyaluronic Acid) available.

You will test nearly all the products available on the market in Europe (+/-10 HA and one botulinum toxin).

You will try new devices for cutting, suture and filling, lasers.

New techniques on hands and foots, nose. A consequent insight on fat grafting and lipofillin.

AT THE END OF THE COURSE we hope you will have improved your techniques, acquired knowledge and will go home with the wish to perform these new technique with your patient.
